EXPERIENCE

Front-End Developer Intern July 2024
Cynbit Pvt. Ltd. *Jaipur, India*

- Designed dynamic webpage layouts during a development internship using HTML, CSS, JS, and React , strengthening analytical abilities and producing clean, scalable solutions.

Python Intern June - July 2025
Southfuego *Jaipur, India*

- Built a Python web scraper using BeautifulSoup and Requests to collect 1,000+ book records accurately and speed up data collection through automation.

PROJECTS

Movie Database. Built a Movie database using web development, A movie database is a structured collection of information about films, including details like titles, actors, directors, release dates, and genres. It allows users to search, browse, and explore films based on various criteria for entertainment or research purposes.

Python Book Web Scraping. Designed an automated Python web scraper to collect and organize book information from online sources, utilizing data parsing and storage techniques for efficient data analysis.

MindCare AI. MindCare AI is a smart mental health support platform that uses AI to analyze user emotions and provide personalized guidance through chatbot interactions and mood tracking. It helps promote mental well-being by offering real-time support and insights based on user data.

EXTRA-CURRICULAR ACTIVITIES

- Served as a Team Leader/Advisory Member in college fest, coordinating team activities, guiding members, and ensuring smooth execution of events.
